

Chiroform®™ Pillow Original

Chiroform pillow original is padded with assorted shredded visco-elastic foam that is shaping 100% around your neck. The pillow is made from a temperature-sensitive visco elastic pressure relieving material where the body temperature affects the material, which can make the pillow feel different during the year. This doesn't affect the pressure relieving effect or the sleeping comfort. Those who cannot adjust to a Chiroform anatomical head pillow should in principle use the pillow original.
