

# Calypso

Design: OS2 Industrial design, Kathinka Dyste & Even Wøllo

Asymmetrical task light suitable for the modern office with medium-sized workspaces. Calypso's broadly curved and tapered shade works in concert with a proprietary reflector which eliminates both direct and reflected glare, shadows and wasted light spillover. A triple-jointed, counter-balanced, concealed spring arm and parallel motion feature ensure the lamphead remains horizontal to the worksurface and light is positioned precisely where needed.

TECHNICAL INFORMATION

- Lamp: 13W Compact fluorescent lamp (included)
- Electrical: Light Wired for 120V, 60 Hz operation
- Ballast: HF electronic ballast
- Power Cord: 12 ft. 10 in. (3911.6 mm)
- Mounting: Edge Clamp or Panel Mount
