COMPANY OVERVIEW AND HISTORY

TEXAMED[®] with headquarters in Munich was founded in 1993. The company deals with research, development, production and marketing of functional medical textiles in the areas of:

- Urology
- Allergology
- Dermatology

Since the business foundation, our vision is to offer innovative products to our customers' daily well-being, providing them higher comfort with high quality multifunctional medical textiles.

PRODUCT PORTFOLIO

Our Product Portfolio consists of:

- **DryMed[®] Washable Incontinence Solutions**

DryMed[®], as the leading brand in Germany, offers washable incontinence solutions made of textiles in all three incontinence degrees (light, moderate, severe). DryMed[®] products are reimbursed by German health insurance companies. They have modern design, are practical, hygienic and offers a discreet help and security.

- **WELLline[®] Anti-Mite Bed Covers**

The complete set (pillow case, quilt cover, mattress cover) offers comfort and protection to patients with dust and mite allergies. WELLline[®] possesses the German quality TÜV Certificate and Eco-Tex Label, which certifies its high quality and functionality.

- **PADYCAR[®] and SILVERCAR[®] Antibacterial Silver Coated Textiles**

Help as accompanying therapy by atopic eczema.

PADYCAR[®] products have 100% silvered surface and are used in treatment of atopic eczema.

SILVERCAR[®] has up to 50% silvered surface and is recommended as preventive treatment.

Both ranges have antibacterial effect, relieve itching pain and improve skin conditions of patients who suffer from atopic eczema, psoriasis, first degree burns, fungi, skin irritation and other infections.

TEXAMED[®]'s products are continuously improved and developed to offer high comfort and relief to its customers.

Our mission is to help you to reach an improved quality of life.

MATTRESS PROTECTION - QUILT COVERS - PILLOW CASES

SLEEP SAFE WITH WELLline® ANTI-MITE BED COVERS

WELLline® proposes innovative bed covers for people suffering from allergies. Our product portfolio consists of a complete range of anti-mite bed covers for mattresses, pillow cases and quilt cases with the German TÜV Certificate. Our products are manufactured in Germany under strict quality control and without chemical treatments.

WELLline® is a reliable protection and a sustainable prevention against allergens, mite and dust.

MAIN BENEFITS

WELLline® is:

- Mite impermeable
- Uncoated, comfortable and soft
- No chemically treated
- Washable at 95°C
- long-lasting
- Breathable
- Available in all sizes

WELLline® is an optimal protection against dust mite allergens according to the toughest medical requirements.

TESTS AND CERTIFICATES

WELLline® has the Eco-Tex-Certification (standard 100, product class 1), which certifies products that are free of harmful substances and suitable for babies and children.

WELLline® components comply with TÜV Rheinland - international certification association - requirements which grants products as suitable for allergy sufferers.

WELLline® ALSO ENVIRONMENTALLY SUSTAINABLE

WELLline® is eco-friendly made, its durable textiles reduce the negative impact of waste products on the environment.

WELLline® is made of polyester and polyamide fibers which are manufactured respectfully for health and environment.

The skin tolerability has been confirmed by the German Hohenstein Research Institute.

WELLline® is recyclable.

WELLline® ANTI-MITE BEDDING SET INCLUDES

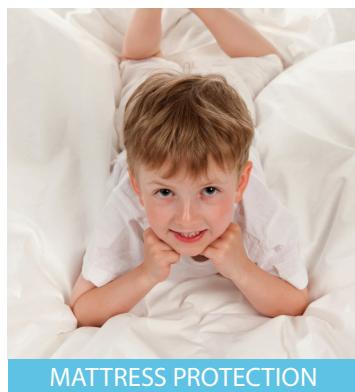

- Mattress Protection
- Quilt Cover
- Pillow Case

FREQUENTLY ASKED QUESTIONS

1. Composition of WELLline®?
The fleece material is 70% PES and 30% PA made.
2. Does the material rustle?
The textile does not rustle and becomes softer after the first laundry.
3. Does one sweat inside the bed?
Thanks to the material breathability and the good humidity transportation, you do not sweat.
4. How to wash the bedding?
The bedding is washable at 95°C and is dryer-suitable. We recommend washing at 60° for ecological reasons.

Mattress Protection

WELLline® Anti Mite Mattress Cover guarantees comfortable and quiet sleep. WELLline® covers are air and steam-permeable (no coating) and are friendly to skin. WELLline® is TÜV and ECO-TEX Standard 100 Certified. Covers are recommended for mite allergy sufferers.
